

## *WELCOME TO ART HISTORY-*

This class is designed as an art history “survey” course; a basic introduction to art history in general.

In class, we will cover a very wide span of time, from the prehistoric, until now (human history). While that may seem overwhelming for just one semester, keep in mind that I have broken down all of it for you in an outline citing basic, significant art works that have played a key role in shaping the times.

Refer to the outline provided- It’s a long list, but don’t be discouraged. You will NOT be quizzed on SPECIFIC dates. You WILL, however, be asked to: 1. Observe 2. Question, 3. Research. 4. Write and 5. Talk about what we cover in class each day.

On certain days we will also create actual art works responding to the subject matter we study. These will be done during class time.

## Classroom Expectations:

1. Be on time.
2. Respect your fellow peers and staff.
3. Be ready to work.
4. Clean up after yourself.

## HOW YOU ARE GRADED:

This is a weekly grade split into thirds.

1. Class Participation- discussion, questions, positive contributions to the classroom environment- 33 pts.
2. Projects- effort and participation- 33 pts.
3. Homework- 33 pts.
