

P.S. 035 Manhattan High School

Course Code: SWSV1QQB

Syllabus for: Anatomy C19 –Anatomy of Virology

Teacher Name: Ms. Rojas

Year and Term: 2019/2

Learning Standards: S2- Life Science Concepts
S4- Scientific Connections and Understanding
S5- Scientific Thinking
S7- Scientific Communication
S8- Scientific Investigation

Course Description: Anatomy is an elective course that will compare Anatomy and Physiology of Viruses.

Calendar or Unit Map:

1. How to create a science research paper
2. Virus Structure
3. Virus DNA
4. Virus Mutations
5. Virus Evolution
6. Virus Environments

Course Materials: Notebook, home computer, USB flash drive.

Grading Policy:

50%- Classwork

50%- Research Paper
